## COMPUTER LANGUAGES

- X/HTML, CSS, PHP/MySQL, JavaScript/jQuery
- Working knowledge of ActionScript, C and Perl

## EDUCATION

### MASTER OF ARCHITECTURE

University of British Columbia, 2008

- Term abroad in Tokyo, Japan including travel to significant works, plus side trips to Kyoto and Sendai
- Thesis project *Interplexure: The Bustler* sought to develop a 'theory of architectural capability,' to understand how architecture transforms, negotiates, and participates in global/local flows and ecologies
- **Awards:** 2008 RAIC Student Medal (awarded to UBC's top graduate), 2008 RAIC Student Honour Roll, Hullah/Cleveland Memorial Scholarship, AIBC Achievement Award

### BACHELOR OF SCIENCE (ENGINEERING PHYSICS)

University of Alberta, 2004

- Achieved First Class Standing (3.5+ GPA) in first, second, and final years
- **Awards:** U of A Academic Excellence and Entrance Scholarships, plus Faculty of Engineering Entrance, Husky Oil Dependent and T4K Undergraduate Scholarships

## EXPERIENCE

### PATKAU ARCHITECTS Vancouver, BC

Architect

Mar 2013 to present

- Worked as *de facto* secondary project lead on the fast-tracked 56,000 square-foot Audain Art Museum on all phases from schematic design through to construction administration, with a particular focus on structural and building systems coordination
- Also participated as half of the IT administration team, maintaining workstations, network, e-mail, fileserver, and website
- **Project experience:** *Audain Art Museum* in Whistler BC

### PUBLIC: ARCHITECTURE + COMMUNICATION Vancouver, BC

Intern Architect

Dec 2008 to Mar 2012

- Worked closely with firm principals on all aspects of architectural projects, plus office administration, graphic/communication design, creation of promotional and marketing materials, IT administration (workstations, network, e-mail and fileserver), website maintenance, and acted as office technical resource coordinator/researcher
- Presented at 2012 AIBC Annual Conference (with Brian Wakelin ARCHITECT AIBC) and built associated website: "Why Paper? The Push to Digital Design and Fabrication"
- **Project experience:** *Centennial Beach Pavilion, UBC Centre for Comparative Medicine, Kwantlen Executive Offices, Switchback House, Goodwin Centre for Dialogue*, and others
